Doodle 4 Google Briefer

DOODLE 4 GOOGLE:

Doodle 4 Google is a competition held in different countries at different times, open to K to 12 students in the country where it is held. Specifically for the Philippines, we are opening it to learners who are not in formal education but are part of the learning system of the Department of Education. This competition allows students to create their own Google doodle.

THEME:

Doodle 4 Google is meant to inspire students to dream big and look beyond themselves. Our theme this year, "**What can I do for the Philippines?**" is all about possibility, imagination, and service.

RATIONALE:

The Filipinos are one of the most resilient people in the world. Throughout the years, we have undergone social, cultural, political, and even natural difficulties and have risen above these circumstances through perseverance and undying national pride. With the theme "What can I do for the Philippines?", we look forward to inspiring the nation with a Doodle that will not only reflect the synergy between art and technology, but also symbolize the beautiful strength of spirit of the Filipino people through the eyes of our children.

ELIGIBILITY:

The contest is open to **students and learners from ages 5 to 17 years old** currently enrolled in a formal school or enlisted in alternative learning system (ALS) from both private and public school under the Department of Education. Entries for the competition are classified to 4 groups: 1) 5-8 years old; 2) 9-11 years old; 3) 12-14 years old; 4) 15-17 years old.

SUBMISSION:

For **online submissions**, go to www.google.com.ph/doodle4google.
