Senior/Education Program Specialists
Elementary/Secondary School Heads
All Others Concerned
This Division

From: *Luigi*
EDILBERTO L. OPLENARIA, CESO VI
ALW Schools Division Superintendent

Date: October 1, 2015

Subject: **SCALE-UP IMPLEMENTATION OF KALIHOKAN KONTRA KITL-KITI (KKK) IN SCHOOLS AND WORKPLACES**

1. Responsive to the call of the Local Government Unit through its City Health Officer **DR. DENNIS P. SANGALANG , CHO II**, this Office supports the call for a unified effort to actively participate in the fight against the deadly Dengue disease. To create awareness through information, education and communication thereby reduce if not eliminate the incidence of this tropical disease, collaboration with LGU/barangay health personnel and other sector is mandated.
2. The increasing cases of dengue in some barangays in the locality necessitate a cohesive effort. Hence, School Heads are enjoined to initiate Dengue Control and Prevention advocacy and commence the **4 S' against Dengue DAILY** activities, (please refer to enclosed infographics) to be carried out in schools and workplaces.
3. Schools shall revitalize the organization of **School Dengue Brigade** in elementary and secondary schools to serve as prime movers in the implementation and monitoring dengue control and prevention measures. The Dengue Brigade shall be supervised by the School Health and Nutrition Coordinators, Science and MAPEH Teachers.
3. Widest dissemination and compliance is desired.

DENGUE AWARENESS

Let's DO the

FOURmula (4-S) Kontra DENGUE

Search and Destroy

Alisin and mga bagay na maaaring pag-ipunan ng tubig at pag-itlugan ng lamok tulad ng mga lumang gulong, lata, bote at tansan. Linisin ang mga alulod at palitan ang tubig sa flower vase minsan sa isang lingo. Nangingitlog ang lamok na nagkakat ng Dengue sa mga malinis na tubig

Self-protection Measures

Magsuot ng mahabang pantalon at polo. Dapat gumamit rin ng mosquito replellant sa araw

Seek Early Consultation

Kung may lagnat na ng 2 araw at may rash sa balat, pumunta at komunsulta agad sa pinakamalapit na health center o ospital.

Say No to Indiscriminate

Fogging

Mag-fogging lamang kung may dengue outbreak.

EDILBERTO L. OFLENARIA, CESO IV

School Division Superintendent

Malaybalay City

Sir/Madame:

Despite the efforts to reduce the incidence of Dengue cases for Malaybalay City, the effort is yet too far from solving the global concern of Dengue amongst the tropical countries like the Philippines even in our locality. It is now recognized that the most effective intervention is the involvement of the community towards the fight against the killer disease.

Along this line of thought and in a concerted effort, we shall end up victors against this eventually. The City Health Office along with the other agencies, the Local Government Unit with its Local Chief Executive, private agencies, the Barangay Council of the 46 Barangays of this city, hospitals, schools, the private individuals and the residents and the media people hand in hand we shall commit to move to move into action via participation to a planned mobilization activity. It shall be called KKKK an awareness and community unified action which is a simultaneous Kalihokan Kontra Kiti-Kiti on September 30, 2015.

We encourage you, your constituents, employees under your supervision to involve themselves to this activity. We further urge you(Barangay Chairman) to do your own information, education and campaign via ricoredas and flyers distribution. Since it is a simultaneous thing, We do the following at a specified time:

Motorcade around the city @ 1:00 P.M. (for CHO)

Ricoreda and distribution of flyers 2 2:00 P.M.

Clean-up drive @ 3:00 P.M.

We thank you so much for your cooperation and we appreciate the active involvement to this endeavour.

God bless!

Truly yours,

DENNIS P. SANGALANG, M.D.
City Health Officer II
