Smoking is an addictive behavior which is mostly picked up during adolescence. The median age of initiation has risen, from 12 years old in 2006 to 13 years old in 2012.

In this connection the Department of Health will conduct Anti- Smoking Drive for Public School of Bukidnon on December 3, 2015 in Malaybalay City, Bukidnon. Registration will start at 7:30am and program proper will follow immediately. Exact venue to be determined yet.
