Dear Dir. ~~Chatto~~,

Greetings from MOSCATI

We are launching our ~~summer~~ campaign for School Year 2015-2016 this week and one strategy that we have identified considering our time limitation is to write a letter of invitation to all high school graduates of public and private high schools in Region 10, with special focus in localities within proximity to the College. We believe that if we can only introduce MOSCAT to these incoming college freshmen, they can appreciate our programs and hopefully decide to come and enroll.

You are our best hope to reaching the graduates from nearby public high schools—like those from Misamis Oriental, Bukidnon, Camiguin, Misamis Occidental and Lanao del Norte and nearby cities like Cagayan de Oro, Gingoog, Iligan, Malaybalay, Ozamiz and Oroquieta.

We therefore appeal for your help by sharing with us your database of high school graduates of SY 2014-2015 from the above-mentioned localities. We hope to get a list of their names, addresses and cell phone numbers so we can send to them our letters of introduction and brochures and follow them up through a text brigade.

Our program offerings are strictly aligned with the typology advocacy in the public higher education sector and the national development goals of promoting agriculture, technology and environmental sustainability. Having more students pursuing these fields will therefore be for the best interest of the country.

Thank you very much for your support to this cause and we look forward to an even stronger partnership with you in the future.

Respectfully yours,

  
**ROSALITO A. QUIRINO**  
President
