DIVISION MEMORANDUM

No. 311, s. 2018

TO: Assistant Schools Division Superintendent
Chief Education Supervisors, CID and SGOD
Public Elementary and Secondary School Heads
All Others Concerned
This Division

FROM: **REBONFAMIL R. BAGUIO**
Schools Division Superintendent

DATE: August 6, 2018

SUBJECT: **DISSEMINATION OF DEPED ORDER No. 030, s. 2018 re: PREVENTIVE DRUG EDUCATION PROGRAM POLICY FOR CURRICULUM AND INSTRUCTION.**

1. This Office hereby informs the field of DepEd Order No. 030, s. 2018 re: Preventive Drug Education Program Policy for Curriculum and Instruction, this is to support the National Drug Education Program as provided in Section 43, Article IV of Republic Act No. 9165.
2. All Schools are advised to strengthen the implementation of Preventive Drug Education Program and Community Learning Centers through curriculum integration across all learning areas in coordination with the Curriculum Implementation Division and School Governance and Operations Division.
3. Shall there be queries, contact Ms. **MARCOSJULITA K. FULGENCIO**, Dentist II through 0927-746-7774.
4. For widest dissemination and compliance.

DepEd ORDER
No. 030, s. 2018

**PREVENTIVE DRUG EDUCATION PROGRAM POLICY
FOR CURRICULUM AND INSTRUCTION**

To: Regional Secretary, ARMM
Regional Directors
Schools Division Superintendents
Public and Private Secondary School Heads
All Others Concerned

1. The Department of Education (DepEd) issues the enclosed **Preventive Drug Education Program Policy for Curriculum and Instruction** in support of the National Drug Education Program as provided in Section 43, Article IV of Republic Act No. 9165, hereunder quoted as follows: *Instruction on drug abuse prevention and control shall be integrated in the elementary, secondary and tertiary curricula of all public and private schools, whether general, technical, vocational or agro-industrial as well as in nonformal, informal and indigenous learning systems. Such instructions shall include: (1) Adverse effects of the abuse and misuse of dangerous drugs on the person, the family, the school and the community; (2) Preventive measures against drug abuse; (3) Health, socio-cultural, psychological, legal and economic dimensions and implications of the drug problem; (4) Steps to take when intervention on behalf of a drug dependent needed, as well as the services available for the treatment and rehabilitation of drug dependents; and (5) Misconceptions about the use of dangerous drugs such as, but not limited to, the importance and safety of dangerous drugs for medical and therapeutic use as well as the differentiation between medical patients and drug dependents in order to avoid confusion and accidental stigmatization in the consciousness of the students otherwise known as the Comprehensive Dangerous Drugs Act of 2001.*

Likewise, as stated in the Political Declaration and Plan of Action of the United Nations Office of Drugs and Crime (UNODC) of which the Philippines is a member, the world's drug problem remains a common and shared responsibility that requires effective and increased international cooperation that demands an integrated, multidisciplinary, and balanced approach to supply and demand reduction strategies.

2. The policy aims to:

- Strengthen the implementation of the PDEP in schools and CLCs through curriculum integration across all learning areas;
- Provide capability for DepEd personnel in the implementation of the PDEP;
- Ensure that PDEP services are available and accessible to all learners, teaching and non – teaching personnel;
- Create strong partnership with various stakeholders in promoting the PDEP;
- Encourage PDE research for evidence-based decision-making and policy formulation;
- Establish a strategic and systematic monitoring, evaluation and feedback mechanism to ensure continuity of the program; and
- Ensure allocation of funds for program sustainability.

3. This order shall take effect immediately upon its approval.

4. All Orders, Memoranda, and other issuances inconsistent with this policy are deemed repealed, rescinded, or amended accordingly upon its effectivity.

5. Immediate dissemination of and strict compliance with this Order is directed.

LEONOR MAGTOLIS BRIONES
Secretary

PREVENTIVE DRUG EDUCATION PROGRAM POLICY FOR CURRICULUM AND INSTRUCTION

I. RATIONALE

The use of illicit drugs is a complex health issue that negatively impacts people's well-being. It is associated with physical, psychological and behavioral problems which can result to failure to realize educational potentials.

The United Nations Office on Drugs and Crime (UNODC) World Drug Report 2017 estimated that a quarter of a billion people used at least one drug in 2015. About 29.5 million people who use drugs or 0.6 per cent of the global adult population - were engaged in problematic use and suffered from drug use disorders, including dependence. These data show that the impact of drug use in terms of its consequences on health continues to be devastating.

In the Philippines, the use of illicit drugs continues to pose a threat to national security and economic stability, hindering the pursuit of inclusive growth and sustained development. To curb this, RA 9165 (Comprehensive Dangerous Drugs Act of 2002) was enacted with high regard for supply reduction, preventive education, and treatment and rehabilitation.

The Department of Education (DepEd) recognizes the need to protect learners from all forms of threats, including those posed by illicit drugs, to their personal safety, security, and well-being. This is pursuant to Section 43 of Article IV of Republic Act 9165 which provides that *"Instruction on drug abuse prevention and control shall be integrated in the elementary, secondary and tertiary curricula of all public and private schools, whether general, technical, vocational or agro-industrial as well as in non-formal, informal and indigenous learning systems. Such instructions shall include: (1) Adverse effects of the abuse and misuse of dangerous drugs on the person, the family, the school and the community; (2) Preventive measures against drug abuse; (3) Health, socio-cultural, psychological, legal and economic dimensions and implications of the drug problem; (4) Steps to take when intervention on behalf of a drug dependent is needed, as well as the services available for the treatment and rehabilitation of drug dependents; and (5) Misconceptions about the use of dangerous drugs such as, but not limited to, the importance and safety of dangerous drugs for medical and therapeutic use as well as the differentiation between medical patients and drug dependents in order to avoid confusion and accidental stigmatization in the consciousness of the students.*

Relatively, DepEd has issued DepEd Order No. 12 s. 2009, Strategic Framework on Adolescent Health and Development, DepEd Memorandum 200 s. 2016 (Strengthening the National Drug Education Program in Schools), DepEd Order 37 s. 2017 (Department of Education Drug-Free Workplace Policy) and
