Greetings!

Goducate is a non-profit organization which aims to help needy Asians help themselves. Its mission is to "Go and Educate" people who have no access to education for them to escape lives of hopelessness and uselessness. We work with government, non-government organizations, groups and individuals who desire to prepare the next generation of leaders by building the youth.

GoTeens, is Goducate's platform for the youth which aims to train the next generation of leaders. GoTeens has been to 78 schools since 2016, training 4883 student leaders, and teaching around 52727 students using relevant yet interactive training programs. As we are all aware, the country's youth is facing problems on Substance Abuse, Teenage Pregnancy and Sexually Transmitted Diseases. The program, to date, has reached the provinces of Sorsogon, Guimaras, Negros Occidental, Iloilo and Bukidnon.

With this regard, we would like to offer the **LEADERSHIP TRAINING** to all the high schools in your Division for this school year, as you allowed as last year. This will still be a 1 and ½ day training conducted in every school with selected student leaders (5 per class). The said student leaders will be trained and equipped for 1 day, so they can re-echo their learnings to the entire student body for ½ day after their training. They will work as a team to teach these problems and solutions to their fellow students. They will also be equipped in their leadership skills through fun and interactive activities. **In lieu of a registration fee of Php. 100.00** for each student leader for their training materials, we have established partnership with our Local Government Unit (through the sponsorship our City Mayor Dr. Florencio T. Flores and some kindhearted local citizens and organizations so that our student leader trainees can have **the Leadership Training for free**. The number of leaders to be trained (1:5 ratio) will depend on the number of classrooms with 5 trained student leaders per class, who will do the team teaching the day following their training.

We look forward to partner with you in training the next generation of youth so that they become effective leaders in their homes, schools and communities. Should you have any concerns and interests in this program, we are available for correspondence. Attached is a program matrix.

Thank you and God bless!

Yours truly,

DANIEL C. ASUNCION
