CONTEST MECHANICS

I. RATIONALE

Smart Communications Inc. has once again partnered with the Department of Education through the Center for Students and Co-Curricular Affairs in the conduct of various contests nationwide in support of the National Teacher's Month and World Teacher's Day celebrations.

DepEd and Smart Communications Inc. recognize that the lasting contributions of a teacher to the development of a student is still very important today as it was ages ago. The love of learning that they instill in their students is a valuable gift that lasts a lifetime.

Through these contests, and with the help of social media, teachers will get the recognition and appreciation they so deserve on their special day. More so, we will be able to highlight our teachers' far-reaching and profound influence in our society being the front-liners of education and learning.

Being online contests, the pupils', students' and teachers' outputs can be shared easily with friends, family and the community, making our teachers' day celebrations as widely observed as Mother's Day and Father's Day.
