Dear Dr. Chatto:

I am pleased to endorse the 1st National Special Education Leadership Summit with the theme, "Leading Special Education at the Core of the Philippines' Inclusive Education" on November 25-27, 2015 at the Tagaytay International Convention Center (TICC). This leadership conference is being organized by The Teacher's Gallery (TTG) which aims to empower educators to positively change the state of education in the Philippines by providing profound educational opportunities through teaching, traveling and giving back to the community. It is in this light that I would like to respectfully request your endorsement of the conference to our public teachers for their attendance and active participation. A registration fee of four thousand eight hundred fifty pesos (Php4,850.00) shall be collected from the participants to be charged of local funds or MOOE.

TTG, a fellow advocate of PWDs, just recently helped us send 16 Filipino educators to Boston, Massachusetts, United States to learn the best instructional practices in special education. This proved to be a transformative experience to all the participants, who are now better equipped with SPED teaching practices they are currently applying in their respective schools. We would like to be able to duplicate this experience to a larger number of teachers who can greatly benefit from this conference, and who are instrumental in giving our students equal access to public education.

Through this leadership conference, we hope to be able to help school teachers build their capacities for effective academic change, especially in moving the Philippine public schools toward a more inclusive, accountability-centered, and data-driven institution.

Attached is the DepEd Advisory No. 280 s.2015 for your reference.

Your favorable endorsement of this national conference will be greatly appreciated.

Thank you very much.

Very truly yours,
