MESSAGE

I sincerely congratulate all the graduates of basic education in the elementary and completers of junior high school this school year 2015-2016. Your consistent effort and diligence with school work has paid off and you can now enjoy the feeling of content on finishing a level in the ladder of education and the feeling of satisfaction for having completed the requirements as your ticket in your pursuit for higher learning.

Your completion of the academic requirements in the elementary/ junior high school not only gives honor to your parents and respective families, but more so to your communities where the path has been paved for you to be of service as good models of skilled and competent citizens in accordance to the levels you have finished.

This year's theme, *Kabatang Mula sa K to 12, Tagapagdala ng Kaunlaran sa Bansa ng Pilipinas* is precise and timely since K to 12 is a program focused towards life-long learning for community development. Skills and competencies you have imbibed can be useful to assist the community towards progress. As you move on to the next steps in your search for education, K to 12 will continue to harness your skills and competencies for the advancement of humanity.

As Brian Tracy said, *"Those people who develop the ability to continuously acquire new and better forms of knowledge that they can apply to their work and to their lives will be the movers and shakers in our society for the indefinite future."*

EDILBERTO L. OPLENARIA, CESO VI
D/C Schools Division Superintendent
