Dear Mr. Oplenaria:

Happy New Year 2018!

The realm of Information and Communication Technology is constantly evolving with new discoveries and knowledge. As technologies change and become more intensive innovatively, so do our passion and dedication in promoting ICT and its relevance to our society. It is under this premise that driven us to hold the 4th Bukidnon Information Technology Summit (BITS) in Bukidnon State University on February 8, 2018 at University Auditorium under the auspices of Computer Society (COMSOC) of the College of Arts and Sciences – Information Technology Department.

This event promotes the theme "Be Wired and Get Connected", a fitting slogan as we intend to connect all netizens in the online communities and the high school students with salient know-how on computing so that we will be able to inculcate to our participants the relevance of ICT, the huge career opportunities it can offer and the various innovations given through a series of tech talks. The highlight of the said event is the ICT Olympics which will be contested by junior and senior high school students:

- MS Word Competition – 1 participant
- MS Excel Competition – 1 participant
- MS PowerPoint Competition – 1 participant
- MS Publisher Competition – 1 participant
- Quiz Bowl – 2 participants
- Digital Arts Competition – 1 participant
- Color Switch Mobile App Competition – 1 participant

As a general guideline, one (1) team maybe formed for each event for every participating school. Except for coach, a registration fee of Php 250.00 will be collected per student for the said contest to cover summit expenses such as awards, kits and snacks for morning and afternoon.

In connection hereof, we are requesting from your good office your utmost support by **endorsing the said event and invite all secondary schools in the City of Malaybalay.**

We are looking forward to your great support on this significant endeavor, in a way of building foundation and developing the brainpower of our youth in the aspect of Information and Communication Technology. For more information on the said event, you may contact Ms. Nicolette Marianne C. Danao thru mobile number 0906-131-9561 or email us at bits.comsoc@gmail.com. For contest mechanics and guidelines, please go to our facebook page www.facebook.com/BITS2017. Attached is the Contest Entry Form and Schedule of Events.

Anticipating for your favorable approval on this request. Thank you and God bless!

Respectfully yours,

SALES G. ARIBE JR., MIT
Chairperson, IT Department
