Sir,

With the roll-out of the newly migrated Competency Assessment Tools (CATs) for Electrical Installation and Maintenance (EIM) NCII, there is a need to capacitate all TVET trainers, industry workers and DepEd Senior High School instructors conducting skills training on Electrical Installation and Maintenance NCII in the province of Bukidnon.

In line with this, TESDA Provincial Training Center- Bukidnon will conduct a Capability Building Program for Electrical Installation and Maintenance NCII trainers who are EIM NCII holders on April 21-22, 2018 at TESDA Provincial Training Center-Bukidnon, Hagkol, Valencia City.

The 2-day program will provide them with updates on the new assessment tools in EIM NCII, so they can keep abreast with the new technology practiced in electrical installation and maintenance in the construction sector. All participants will also undergo competency assessment on the newly migrated EIM NCII Competency Assessment Tools.

A registration fee of Three Thousand Pesos (P 3,000.00) will be collected to defray program cost (trainers honorarium, training supplies and materials, meals and snacks). On top of this, a competency assessment fee of One Thousand Two Hundred Fifty Pesos (P1,250.00) will also be collected.

Please confirm your participants on or before April 13, 2018 through telephone no. (088) 828-0172 or mobile Globe 0917 856 0301/ Smart 0999 990 7505.

Very truly yours,

GIL ARSENO Q. FACTURA
Center Administrator
