Attention: **Dr. Vicente San Miguel**
SEPS, Research and Planning

Dear Dr. Gazo:

Greetings!

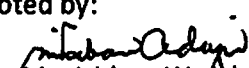

The Bukidnon State University College of Education plans to resume very soon the implementation of the project - *Enabling Public School Teachers in Research*. This is under the university-wide extension program- the Continuing Professional Development through Extension Services (CPDES). However, there are a number of considerations before it resumes. Based on attendance, there are participants who need to be replaced. The cycle one (first wave of the project) still has 8 remaining modules. Those under this group need to be replaced and the replacements need to be informed on the schedules of its resumption. The schedules were agreed with SEPS in Research and Planning (please see attached copy of calendar of activities). We had agreed also that there would be some modifications of the cycles 2 and 3. The cycle two will address the concerns of SHS teachers who are teaching practical research 1 and 2, while the cycle three will be shortened into three days but still it will cover the fourteen modules.

Dr. Vicente San Miguel- your Senior Education Program Specialist in Research and Planning could further explain the details on what transpired in our evaluation, planning and consultation meeting last January 24, 2020. Thank you for the constant support. We look forward to more partnership and collaboration with your agency. God bless and more power!

Sincerely yours,

Manuel E. Caingcoy
