RICE is a biennial nationwide activity that recognizes the indispensability of Filipino inventors, students, and professionals in the landscape of national economic development through appropriate platforms especially under the new normal. The invention contest gives encouragement to inventors to showcase their inventive capability through a form of competition for cash incentives, awards, and bragging rights. The contest is composed of five categories namely, (1) *Outstanding Invention (Tuklas Award)*, (2) *Outstanding Utility Model (Unlad Award)*, (3) *Outstanding Industrial Design (Banghay Award)*, (4) *Outstanding Creative Research (Likha Award)*, and (5) *Outstanding Student Creative Research (Sibol Award) for high school and college students*.

In line with this, we would like to request for a *Regional Memorandum or Advisory* to encourage the participation of high school students and teachers (researchers and inventors) in this contest.
