I would like to request a little bit of your time to discuss this proposal. Please let me know if you have any questions. Kindly return me your preferred time and date of meeting.

Attached with this letter is a short summary of Arahita.com showing its features and benefits.

Additionally, the system will make their lives much easier than using a traditional system. We will also provide training to our teachers/students learn how to use the system. The majority of our users are students who will be able to manage their learning and education using a computer. But we will also provide training to our teachers/students learn how to use the system. We will also provide training to our teachers/students learn how to use the system.

Part 2: Video Tutorials and On-site Trainings

Our system will be made as user-friendly as possible keeping in mind the needs of our teachers/students. We will provide video tutorials and on-site trainings to our teachers/students learn how to use the system. We will also provide training to our teachers/students learn how to use the system.

Part 3: Arahita.com

With these things in mind and all the things we learned from creating e-books for online learning, we will create a platform that will help you have a smooth and efficient learning experience. Our system will be made as user-friendly as possible keeping in mind the needs of our teachers/students. We will provide video tutorials and on-site trainings to our teachers/students learn how to use the system. We will also provide training to our teachers/students learn how to use the system.

I am confident you will be satisfied with the proposal because I learned that you have been an effective leader in the field of education. I am confident you will be satisfied with the proposal because I learned that you have been an effective leader in the field of education.

Tome Softwares

Digitalization of Existing and Future Learning Materials + more!

Savings and Benefits of going digital

- **Reduce costs** - Eliminate the need for physical materials, saving on printing and distribution costs.
- **Improve accessibility** - Digital materials can be accessed anytime, anywhere, making learning more convenient for students.
- **Enhance engagement** - Interactive digital content, such as videos and simulations, can make learning more engaging and effective.
- **Streamline workflow** - Automating administrative tasks, such as grading and marking, can save time and reduce errors.
- **Enable personalized learning** - Digital materials can be tailored to individual students' needs, providing a more personalized learning experience.
- **Reduce environmental impact** - Digital materials are more eco-friendly, reducing the carbon footprint associated with physical materials.

AralDito.com is our proposed website and mobile application

It will be a platform for all DepEd Region X schools to use for their administrative and financial transactions. It will be a one-stop solution for all DepEd Region X schools because of its user-friendly interface.

Key Features:

- User-friendly interface for principals/teachers
- Easy navigation and use after download
- Secure and reliable transactions right to the point of use
- Accessible and available within their account.

Key Functions:

- 1. User registration and login
- 2. Reporting and document required forms
- 3. Financial transactions
- 4. Reporting and document required forms
