Recognizing the integral role of the youth in nation-building, the Department of Education (DepEd) offices, schools, and personnel are enjoined to participate in the nationwide promotion of the National ID Program or the Philippine Identification System (PhilSys). The campaign, titled "PhilSys: Ang Digital ID para sa Makabagong Pilipinas," envisions a sustainable, digital, and inclusive society where no Filipino is left behind.

Republic Act No. 11055, otherwise known as the Philippine Identification System Act, mandates the establishment of a central national identification system for all citizens and resident aliens in the Philippines. The PhilSys aims to provide free, valid, and centralized identification with the objective of accelerating financial inclusion, increased access to social and economic opportunities, and the transition to digital transactions that are secure, affordable, and efficient.

For 2021, the goal of the PhilSys program is to register 50 to 70 million individuals. The online Step 1 Registration, which includes the collection of demographic information and appointment setting for Step 2, was made available in 2021. This step utilizes digital networks to ensure the health and safety of the registrants amid the COVID-19 pandemic. Consequently, Step 2 Registration will involve the validation of supporting documents and capturing of biometric information, such as fingerprints, iris scans, and front facing photographs at registration centers. Finally, Step 3 will involve the issuance of the PhilSys Number (PSN) and the physical ID (PhilID).

For more information on the initiative, visit the PhilSys website at www.philsys.gov.ph and social media accounts at <https://www.facebook.com/PSAPhilSysOfficial>.

Furthermore, questions and concerns may be coursed through Assistant Secretary Rosalinda P.
