The recent May 9, 2022 national election proved that survey works! Survey remained effective in predicting outcomes, market demand, sentiments and many more (provided that methodology, design and assumptions are well executed). Hence, we are inviting you to join:

2. Focus Group Discussion (Conducting FGD and Analyzing Data from FGD): An In-depth Training Workshop - July 14 and 15, 2022 (P2,700.00)

***In this workshop participants will learn:***

- How to avoid the common pitfalls in writing questionnaires for in-person, phone, web and mobile surveys.
- How to plan and flowchart a questionnaire to guide the overall logic and enhance the survey taking experience.
- How to phrase questions; when to use open-ended and closed-ended questions and how to choose the most appropriate rating, ranking, multiple choice, check-list or other approaches.
- How to phrase difficult questions dealing with memory, knowledge and sensitive subjects and how to measure the importance of product attributes.
- How to administer questionnaires to substantially improve response rates and improve the quality of your results by incorporating some of the industry's best practices and learnings based on R&D examples and case studies.
- How to bring all the learning together in a team-based workshop designing an online questionnaire.
