VICTORIA V. GAZO, Phd, CESO V
Schools Division Superintendent
Malaybalay City Division
Malaybalay City, Bukidnon

Dear Dr. Gazo,

Greetings of Peace and Solidarity!

The World Vision Development Foundation (WVDF) is a Christian, humanitarian organization that is dedicated to working with children, families, and their communities worldwide to reach their full potential and address poverty and injustice. In the Philippines, we are currently working in 32 area programs covering 27 provinces, 90 cities/municipalities, and 1012 barangays. Programs include interventions related to education with child protection, health and nutrition, economic development, disaster risk reduction, and child sponsorship. We are currently operating in Brgy. Casisang, Malaybalay City through a sponsorship program of around 1,196 children focusing on education, health and nutrition, livelihood, and values formation and slowly expanding to barangays Sumpung, Kalasungay, Aglayan, and Linabo.

As a follow-through on the meeting we had last 21 February 2023 about the conduct of BRIGADA PAGBASA-Literacy Camp Workshop, we are humbly requesting your availability on 11-12 April 2023 together with your identified 60 Reading Coordinators, Supervisors, and School Heads as participants in the District of Malaybalay City, for the conduct of said Literacy Camp Workshop. World Vision will shoulder the foods (AM Snacks, Lunch, PM Snacks) and the venue will be at Loizas Pavilion, Casisang, Malaybalay City.

Attached to this letter is the activity design for your reference.

We are looking forward to your favorable response to this request. For coordination, you may contact Mark Gil Elnar, Program Officer assigned in Malaybalay City, Bukidnon through email address; mark_gil_elnar@wvi.org and cellphone number 0932 215 6554.

Sincerely,

MARIA LIZA G. BRANAL

ONE FOR CHILDREN

BRIGADA PAGBASA PROGRAM
Reading Camp Workshop
Date: 11-12 April 2023
Venue: Loizas Pavillion, Casisang, Malaybalay City

Training Goal:

Through the capacity of their teachers, this teacher training aims to effectively develop literacy abilities in children aged 6 to 12 years old. The training will provide teachers with pedagogical strategies based on research-supported trends and theoretical underpinnings in literacy teaching.

Training Objectives:

The Literacy Training Series aims to increase the capacity of literacy educators in grades 1 through 7. It is intended to provide fundamental literacy pedagogy information, supplemented by sessions that deepen one's technical knowledge of language and reading and hone participants' talent and skills as educators. The Series takes a comprehensive approach to literacy education, with each seminar topic serving as an essential component of effective literacy instruction. Participants will be familiar with the conceptual underpinnings that guide classroom instruction, as well as demonstrations of how these models are fleshed out. This is then integrated with pedagogical practices and the development of materials for teachers and students. Teachers will be trained on how to design remedial reading programs tailored to the needs of students who are having difficulty reading.
