Warmest greetings!

The **UP Geological Society**, an academic organization based in the National Institute of Geological Sciences (NIGS), has been conducting the annual **National Geology Congress (NGC)** and will now be in its tenth year. In order to continue upholding the importance of earth sciences and geology in the academe and in our lives, the 10th NGC is geared towards a completely online setup. It will be conducted **via Zoom on April 15, 22, and 29, 2023**. All events are **free of charge**.

With this, we are humbly inviting **the students and teachers of your educational institution** to participate in the 10th NGC. Further details about the event are provided in the letter attached herewith.

Should you be interested in participating in any of the events, you may register through the following links:

- Earth Science Teachers' Webinar (ESTW): <https://tinyurl.com/10NGCESTW>
- High School Students' Webinar (HSW): <https://tinyurl.com/10NGCHSW>
- Geology Students' Forum (GSF): <https://tinyurl.com/10NGCGSF>
- Dignayan sa Infographics, Pagyamanin sa Wikang Atin (DIWA) Contest: <https://cutt.ly/10NGCDIWA>

Please stay tuned to our social media page (facebook.com/upgeosoc) for more announcements about the various events in the NGC.

If there are any concerns, please do not hesitate to contact us through this email or mobile numbers (09950324960, 09260517524, 09396246386). Thank you very much and we look forward to your participation!

Sincerely,

Raphael Francis E. Dequilla

10th NATIONAL GEOLOGY CONGRESS

UNIVERSITY OF THE PHILIPPINES GEOLOGICAL SOCIETY

APRIL 2023

Warmest greetings!

The **University of the Philippines Geological Society (UP GeoSoc)** is the oldest student organization based in the National Institute of Geological Sciences (NIGS) dedicated to the pursuit of honor and excellence in the field of geology. The organization takes pride in its alumni who became forerunners in the different fields of geology, including the industry, geothermal, mineral, and oil exploration, and in the academe.

In the 65th year of the society, we are holding the tenth installment of the annual **National Geology Congress (NGC)**, a series of events with over 1500 participants from all over the country joining every year. In its tenth year, UP GeoSoc aims to strengthen its goals to **equip high school earth science teachers and students with the tools necessary for proper discussion and integration of both the discipline and the practice; and promoting the impact and importance of geology in our daily lives.** Due to the ongoing pandemic, this year's NGC is to be done in an **online setup**. The webinars will be conducted via **Zoom** on **April 15, 22, and 29, 2023**. Registration for the webinars is **free of charge**.

In this regard, we are humbly inviting your school to participate in the activities that we have prepared. We are assuring that this year's NGC will be a worthwhile and enjoyable experience. Attached herewith are the details about the event and the activities.
