Re: **Registration for GSIS Touch Mobile App**

The field is hereby informed of the GSIS reminder on the GSIS Touch mobile application. GSIS Touch is the official mobile application of the GSIS, designed to provide you with a seamless experience and eliminate the need for branch visits.

With GSIS Touch, you can easily access your records, perform tentative loan computations, apply for loans, and monitor your loan status. Additionally, you can get tentative computations for your claims and apply for life and retirement claims by simply uploading the required documents. The app also enables you to receive notifications for premium and loan payments posting.

As of July 19, 2023, we have observed that approximately 54.5% of GSIS members within the DepED Division Malaybalay City have not registered for the GSIS Touch app yet. In order to ensure accurate and up-to-date service records, we strongly encourage all members to download and start using the app.

In connection to this, we request all school heads to play an active role in encouraging their respective teachers and non-teaching personnel to download and register through the app. For assistance in obtaining the list of teachers who have not registered yet, please contact Dave Feliciano from OSDS-Personnel Unit through dave.feliciano@deped.gov.ph.

Below is a list of schools and the number of GSIS members who have not registered for GSIS Touch as of July 19, 2023:
